## 39th Grand Chapter Conclave

see page 1

# 39th Grand Chapter a weekend extravaganza

Almost 1,000 Sigma Phi Epsilon undergraduates and alumni attended the 39th Grand Chapter Conclave in San Antonio, Texas, in August. Participants spent three days enjoying Texas hospitality, learning about Sig Eps and current issues of concern for fraternities, and working very hard in legislative policy and charges for the Fraternity.

Those who arrived early spilled out of the Riverwalk Marriott hotel onto the Riverwalk, some cruising the river in river boats, and others walking, to enjoy the multitude of shops, restaurants and nightclubs lining the famous river. Sig Eps alumni and guests boarded chartered launches at the hotel for a night ride to Plaza Jester for an Educational Foundation welcoming reception, sipping on margaritas and enjoying the Mexican flavor of Southwest Texas.

Several legislative committees set about their work early on, as they prepared the heaviest legislative agenda ever to face a session of the Grand Chapter.

By Friday afternoon, the Marriott was filled to capacity, and nearby hotels took on some overflow as Sig Eps poured into San Antonio from all over the nation. Undergraduates and alumni together packed into the Marriott ballroom for a standing-room only

brown-bag lunch followed by a lively discussion on how men in groups deal with women.

That discussion was led off with brief remarks from noted Rutgers Anthropologist and Author Lionel Tiger, and the University of New Mexico's Mary Barbee, an authority on women's groups. Then the room became highly charged as the two fielded questions from the audience regarding the rights of men and the role of women.

The weekend session of the Grand Chapter was officially opened Friday night at the opening session when the ballroom was again filled to capacity for the seating of delegates. The Grand President's report became a highlight of the evening when outgoing Grand President Frank Ruck, Michigan '39, introduced a booming multi-media screen production documenting the progress of the

Fraternity in the last two years.

The report, however, couldn't overshadow the excitement of the Buchanan Outstanding Chapter Awards. This year, 32 chapters won the award, signifying in itself the great progress of the chapters in recent years.

On Saturday, delegates buckled down to the business at hand in the opening legislative session. The legislative sessions would continue through late Sunday afternoon when a new Grand President, Grand Treasurer and members of the National Board of Directors would be elected. The board would be charged with the responsibility of carrying out the mandates of the Grand Chapter until it meets again in New Orleans in 1987.

The legislative sessions were broken up with important presentations, and some fun. The Kalamazoo County, Michigan, prosecu-

tor, Dave Westall of Theta Chi Fraternity, put hazing on trial in a spell binding mock trial. Each delegate assumed the position of defendant as a chapter president charged in the hazing death of a pledge. The Westall presentation was recorded on video tape that chapters have been purchasing to watch again.

A vice president from Anheuser-Busch, Steve Lambright, spoke to the delegates about responsible behavior and programming with alcohol as the assembly addressed important concerns about the role of alcohol in the Fraternity, and particularly dry rush.

Saturday evening, the San Antonio area alumni hosted 1,000 Sig Eps and guests at the Great Texas Barbecue. A packed schedule of entertainment at the barbecue made that event the most popular of the entire weekend.

## Five new to board

## Doud elected grand president

Wallace C. Doud, Wisconsin '48, was elected to a two-year term as the Fraternity's highest elected official, grand president, at the 1985 Grand Chapter Conclave in San Antonio. A new grand treasurer, two new alumni directors, and three student directors were also elected.

Brother Doud, recently retired vice president of I.B.M. Corporation, has been on the board for a total of eight years. He had served as corporate secretary before being elected to the position of grand treasurer at the 1983 Conclave in Chicago. Brother Doud follows past Grand President Frank J. Ruck Jr., Michigan '48, to lead the Fraternity.

Norman E. Nabhan, Purdue '71, was elected to the two-year position of grand treasurer. Brother Nabhan is a former Headquarters staff member who is now a vice president for E.F. Hutton & Company in Houston. Brother Nabhan had been elected to a six-year term as director of the board at the Chicago Conclave, but resigned that post to accept the grand treasurer position. Dr. Donald B. Ruthenberg, Baldwin-Wallace '53, whose director term ended this year, was elected to complete the remaining four years of Brother Nabhan's director term.

Two new alumni directors elected were Dennis W. Bond, Missouri '65, and Michael C. Williams, Memphis State '69. Brother Bond, who is the general manager of Marcucci's Pavilion Hotel in St. Louis, has served the Fraternity most recently as chairman of the National Rush Commission. Brother Williams, a past Headquarters staff member, comes to the Board of Directors from the Board of the National Housing Corporation.

The alumni directors continuing their terms in office are John H. Stanley Jr., Arkansas '64, for four more years, and Bruce H. Hasenkamp, Dartmouth '60, and Donald C. McCleary, Texas '71, both with two years remaining in their current terms. Travis C. Trapp, Washington in St. Louis '56, leaves the board as his six-year term ended in 1985.

Stephen J. Macionsky III, Bowling Green '87, was one of three elected to the two-year student director posts. He is currently chapter president at Ohio Kappa. On the Bowling Green campus, Brother Macionsky is a member of numerous organizations, including the Honor Student Association and Homecoming Committee. He is also the Interfraternity Council's community service chairman.

Lindsay D. Medlin Jr., Rutgers '86, was also elected a student director. Brother Medlin is the former director of alumni relations for New Jersey Beta and the chapter's current vice president. He was awarded the 1983 Rutgers Alumni Interfraternity Council Distinguished Greek Award.

The third student director elected was John R. Thomas, Arkansas '86. In addition to being Arkansas Alpha's current president, Brother Thomas has served as rush chairman, scholarship chairman, and vice president. On the Arkansas campus, Brother Thomas is a member of many honoraries and serves the student body as Associated Students senator and the IFC as representative from his chapter. He was Arkansas Alpha's distinguished brother of 1985.

Grand President Wallace C. Doud and past Grand President Frank J. Ruck Jr. welcomed Congressman Henry Gonzalez, Texas, who was honorarily inducted at the Conclave in San Antonio. Gonzalez was initiated as a part of the Renaissance of Brotherhood program.

## Lifetime of dedication honored

The Fraternity's highest honor, the Order of the Golden Heart, has been bestowed upon only 96 of our more than 150,000 brothers. The gold medal is given only for a lifetime of dedication to Sigma Phi Epsilon which has been marked by particularly outstanding service to the Fraternity, often requiring many personal sacrifices. All of these men have made a real difference in the Sigma Phi Epsilon experience.

Two more outstanding brothers joined the ranks of the Order of the Golden Heart in San Antonio.

Avery F. Gaskins, West Virginia '52, the first recipient, had the single most important influence on the West Virginia Beta Chapter's current success. Brother Gaskins was instrumental in building a new chapter house when there were no members to live in

it, and saw the chapter's membership go from a total of one man to be more than 1,000 initiates today. For his efforts, West Virginia Beta is one of the largest and best chapters in the country.

William G. Cross, Carroll College '50, is the man responsible for the majority of the Fraternity's leadership programs. Without Brother Cross the Fraternity may not have had Conferences, Regional Leadership Academies, Zollinger Leadership Awards, and many other programs of the Educational Foundation. He is a past Headquarters staff member, district governor, and chairman of the National Leadership Committee. On the local level, Brother Cross has been the faculty adviser and an alumni board member of the Florida Alpha chapter at the University of Florida for almost twenty years.

## Citations honor career excellence

Five names have been added to the select list of only 172 other Sig Eps who have received the Sigma Phi Epsilon Citation. The Citation is presented biennially to men who achieve significant career distinction in their chosen professions.

Potential recipients are nominated by alumni and their accomplishments researched by Headquarters staff. Citation recipients from the last three Conclaves then review backgrounds of each and makes recommendations to the National Board of Directors which selects the most outstanding. Fourteen men who have received a Citation in the past were in attendance to see this year's awards presented.

Charles S. Anderson, Kansas '62, is Chief Executive Officer and Chief Operating Officer of the seventh largest city in America. As City Manager of Dallas, Texas, Brother Anderson is head of the largest city manager operated city in the U.S. He also serves his city in numerous philanthropic endeavors, including his position as Director of the United

Way. He is a recipient of the Public Administrator of the Year Award, presented by the Kansas City Chapter of the American Society of Public Administration and the Outstanding Management Innovator Award from the International City Management Association. Even at the peak of his profession, Brother Anderson finds time to work with the new Sig Eps Chapter at Southern Methodist University.

Roger C. Chapman, Texas '49, grew up in the oil fields of East Texas to become a leader in the oil industry. After beginning with his first oil company in 1961, Brother Chapman has founded a string of very profitable drilling companies. His most recent start up, Chapman Energy, has risen in value in the last three years from \$3 million to \$55 million. When his own chapter house burned down, Brother Chapman headed the fund-raising drive that raised more than \$1.2 million to build the new showcase home.

Robert K. Mueller, Washington in St. Louis '55, worked his way from a laboratory

## Legislative round-up

## Delegates call for dry rush

They voted to adopt dry rush as a national standard, to set guidelines for "little sister" programs and to set policy regarding the Ritual and initiation requirements.

And that is just the beginning. In the heaviest legislative agenda in Conclave history, the San Antonio session of the Grand Chapter dealt boldly with a number of major fraternity issues.

### □ Dry Rush

In what was possibly the most wide-sweeping decision, the undergraduates advised legislation calling for each chapter to cut alcohol from its rush programs. (See related story on page 6.)

The delegates cited increased legal liability concerns, higher legal drinking age statutes, and financial reasons, in adopting the measure. It was also stated that dry rush improves rushing conditions.

"The use of alcohol to attract young men to fraternity membership is counterproductive in the environment in which Sigma Phi Epsilon operates," states one clause of the resolution. Another clause enumerates the benefits of "Fostering greater creativity (in rush activities), reducing the cost development of interpersonal communication skills, reducing wear and tear and destruction of fraternity property, encouraging parental support of rush," and "reducing the exposure to legal liability."

### □ Little sisters

In a resolution calling the activities of many chapters "unacceptable" in maintaining women's auxiliary programs (little sisters), the undergraduate delegates set strict guidelines to restrict the involvement of those groups in chapter decisions and activities.

The Grand Chapter called for the establishment of a special task force, composed with a majority membership of undergraduates, to research women's auxiliary programs and produce a more complete set of guidelines. The Grand Chapter will act on that committee's work at the 1987 session in New Orleans.

### □ Skull and crossbones

The Grand Chapter issued a restrictive ruling on the use of the skull and crossbones, saying the symbol may only be used on the Fraternity badge or replicas of the badge. Anything currently bearing the skull and crossbones symbol to represent the Fraternity must be changed or eliminated accordingly, according to the Grand Chapter.

### □ Initiation requirements

Delegates adopted a new bylaw requiring that all pledges must be in "good standing" with their college or university to qualify for initiation into the Fraternity. This is the first provision of membership qualifications to provide an academic standard for membership.

(continued bottom of page 3)

in the news & etc.

# Sigma Phi Epsilon across America—highlights

**COLUMBIA, Mo.**—The University of Missouri chapter became a house divided when St. Louis Cardinal fans broke out the brooms and started "sweep" chants after St. Louis won the second game of the World Series. With confidence undented, and to reinforce support for the chapter's lone seven K.C. fans in watching the seventh game, the chapter invited backups from the Central Missouri State chapter to join them. Central Missouri helped out with 20 Kansas City natives who kept the game-watch party alive when the rule turned against the 84 St. Louis fans. The Royals won that final, deciding game 11 to 0.

**STATE COLLEGE, Miss.**—They called it the Sig Epidemic when 26 Sig Eps at Mississippi State University checked into the campus infirmary. What was originally thought to have been a case of food poisoning has since been diagnosed as a flu-type bug that swept through the Sig Ep house.

**DUBUQUE, Iowa**—The Iowa Eta chapter at Loras College has been certified as having the high grade average of all fraternities on that campus. They listed their chapter designation on the certification form as Iowa Eta—We're guessing that spelling is not a critical factor in good grades at Loras.

**PALO ALTO, Calif.**—Sig Eps at the University of California-Berkeley and

Stanford University will team up Nov. 26 for the second year in a row to run the game ball from Berkeley to Palo Alto for the football game between the rival schools. Each member of both chapters is responsible for raising \$100 for the 50-mile run. After the game, Sig Eps will present the game ball and the money raised to the local Ronald McDonald House. The two new chapters, both created last year, have already won widespread notoriety for the effort.

**ARLINGTON, Texas**—The University of Texas-Arlington chapter spearheaded a Sig Ep founders day celebration that brought together the Sig Ep chapters at Southern Methodist University, Texas Wesleyan, and North Texas State for a giant affair. In RICHMOND, Va., the Richmond Alumni Chapter sponsored its annual dinner celebration, this year celebrating the Fraternity's 84th anniversary. Representatives from 11 Virginia chapters attended with more than 100 alumni to join in this celebration Nov. 1.

**ROCHESTER, N.Y.**—The Sigma Phi Epsilon and Sigma Chi chapters joined forces at the University of Rochester (N.Y.) for that city's first-ever Greek sponsored blood drive when a blood shortage reached a critical stage there this fall.

**STATESBORO, Ga.**—A Georgia Southwestern College student was arrested and charged

with three counts of aggravated assault after he allegedly pulled a Mac-10 9mm semiautomatic machine gun on several Sig Eps who had chased him from the fraternity. The Sig Eps had chased the student whom they claimed was stealing a trophy. The chase ended at the student's dorm room, where he allegedly produced the loaded weapon. The Sig Eps overpowered the gunman without further incident or injury.

**BIRMINGHAM, Ala.**—Brothers Frank Horns, 37, and Howard Underwood, 72, of the University of Alabama-Birmingham are being commended in Birmingham for their heroic efforts in rescuing people from a burning car home across the street from their apartment. The brothers discovered the nighttime blaze and rushed into the burning building to awaken and evacuate the sleeping residents.

**HOBOKEN, N.J.**—New York area newspapers recently featured pictures of Stevens Tech Sig Eps and sorority women from Phi Sigma Sigma riding up and down on a roller coaster to raise money for charity. Teetercoasters solicited donations from passers-by and canvassed neighborhoods to raise more than \$1,000 in the 81-hour extravaganza.

etc. on Campus...

**MADISON, Wis.**—Body passing is considered fourth-degree sexual assault by cam-

pus police at the University of Wisconsin-Madison. Female students are frequently lashed and passed overhead to the top of the stadium. UW police have been combating the problem for five years, but have had little luck in solving it. (National On-Campus Report)

**BOULDER, Colo.**—Someone is trying to kill fraternity members at the University of Colorado, according to the assistant fire chief. Three fraternities within two weeks were set ablaze, one at UC and two at the University of Denver. UC fraternity members say they are living in fear after receiving calls saying "You're next," and cards saying "Offense noted" from a "Committee to Protect the Status of Women." (National On-Campus Report)

**SOUTH BEND, Ind.**—It's not official yet, but some 3,150 University of Notre Dame students recently played musical chairs in an attempt to beat the record set by 5,600 State University of New York-Albany students last spring. (National On-Campus Report)

**CROSS AMERICA**—Jeans are hotter than ever with American college students this year, according to clothing retailers. Although jeans have long been the favored apparel of students, retailers say the "working class look" popularized by rock stars Bruce Springsteen and Madonna has produced a boom in denim sales. (National On-Campus Report)

## FROM THE MAILBAG

subject I have seen to any men's publication. I appreciate your taking this kind of responsibility.

Susan Saunders

Date rape is a major problem on college campuses. Sigma Phi Epsilon has shown much leadership and courage in examining the difficult issues which are involved. Your treatment of this important topic was very well done.

Bruce M. Putman  
Dean of Students  
University of Idaho

I found the article regarding date rape to be extremely interesting and well done. However, I am afraid the article overlooks the obvious when it relates to avoiding this type of problem on any fraternity premises. Ideally, the fraternity system should be developing

gentlemen and setting standards to which gentlemen will abide.

The practical aspects, however, should be a return to more conservative standards in the operation of the fraternity house system that existed in the early and mid 1950s. These standards were usually prescribed by the school and consisted of two simple rules: No. 1. No alcoholic beverages will be consumed on the premises, and No. 2. Females will not be allowed above the first floor or any private place of such house unless chaperoned.

If these two standards were implemented, in my opinion, it would eliminate 99 percent of any possible problems to which you have alluded in the article.

Having handled many criminal matters of all types, including rape cases, I recognize the tremendous potential for harm to reputations as well as harm to the victim. Finally, numer-

ous recent statutory changes are making the crime formerly known as rape even more possible.

I suggest we give these points some consideration.

John L. DeLaurent, Illinois '55  
Circuit Judge, Circuit Court of Illinois

It was a welcome sight to be shown a copy of your August Journal and see two broadside pages devoted to sexual assault. My program is constantly seeking ways to educate the public on this rapidly growing but vastly under reported crime.

However, I was disappointed in some aspects of these articles.

1. Craig Templeton assumes that women do not "make it very clear" when they choose not to have sex. (Templeton article "Women

(continued on page 3)

As the wife of a Sig Ep alumnus, I am writing to congratulate you and the Journal on your last publication in which you dealt bravely and fairly with date rape. I am also writing to the mother of two sons who, hopefully, have enough respect for the personhood of women to avoid such situations. But then most men do. I felt the really important part of your article was the focus on the acceptance of a date rape situation by other men in the fraternity, an unwillingness to attempt to stop, or at least report, an advantage taking situation. Your article dealt the Good Old Boy philosophy of fraternity, a necessary and well aimed blow. This is the first article on this

night shift worker to become a corporate vice president of the Monsanto Corporation and head of 87 Monsanto subsidiaries and affiliates throughout the world. In 1968, Brother Mueller joined Arthur D. Little, the second largest consulting firm in the world, and became vice president and then chairman of the board in 1977. Brother Mueller is the author of 12 books and has served as a director on more than 30 boards.

Charles S. Russell, Virginia '46, is only the second person in this century to be chosen directly by the State of Virginia Legislature as one of the seven justices of the Virginia Supreme Court. Brother Russell has served on the faculties of George Mason University and the National Judicial Council. He has been an active member of the Virginia Eta Alumni Board for many years.

One Citation was presented posthumously

to Brother Witney Eastman, Dartmouth '10. In his 90 years, Brother Eastman was known as a pioneering industrialist and servant of his fellow man. His professional distinctions include being elected to the board of the Archer Daniels Midland Company, serving as president of the National Soybean Processors Association, and vice president of the General Mills Corporation in charge of the Soybean and Organic Chemical Divisions.

He joined in 1953 as president of the Chemical Division. He has served on the board of the National Audubon Society and the National Executive Board of the Boy Scouts of America and received Scoutings highest honor, the Silver Buffalo. Brother Eastman served the Fraternity as one of the earliest district governors, traveled with Uncle Billy Phillips to start chapters, served three years as grand president.

# Buchanan Cups highlight Conclave awards

Every two years Sigma Phi Epsilon presents the Buchanan Outstanding Chapter Award at the Grand Chapter Conclave. The Buchanan Cup, a silver-plated Revere Bowl mounted on a round wooden base, is given in honor of Edwin Buchanan who served as Grand President from 1955 to 1956 and was Grand Treasurer for 29 years. He was a recipient of the Order of the Golden Heart and represented Sigma Phi Epsilon's search for excellence throughout his long service to the Fraternity. The Buchanan award recognizes chapters with outstanding performance in every area of chapter operation, including finances, manpower, alumni programming, Ritual, academics, and brotherhood development. A record 32 chapters received Buchanan Cups this year at the San Antonio Conclave.

The Carter Ashton Jenkins Award goes to the outstanding Journal contributor for each academic year. The award is a personalized

engraved scroll and a set of bound Journals for the year of the award. The selection is made by the Journal editor and is based on chapter news and chapter features submitted to the Sigma Phi Epsilon Journal. In San Antonio, the awards went to Robert A. Stanley and Matthew P. Townsend for the 1983-1984 and 1984-1985 academic years, respectively.

Stanley, of the Missouri Zeta Chapter at Southeast Missouri State University, contributed chapter reports and a special feature story concerning his chapter's efforts to help Brother Todd Buzzell in his fight with cancer. Townsend, from the Washington Beta Chapter at the University of Washington, received

the award for his feature story about his chapter's unique "Fuzz Bowl" fund raises for the March of Dimes.

The Benjamin Hobson Frasier Award, named for an outstanding alumnus of the University of Tennessee chapter who had a great interest in alumni communications, is presented to chapters based on quality and frequency of alumni newsletters. The quality reflects a level of news which is of interest to alumni. The recipients for the 1983-1984 academic year are:

William S. Gordon Duin was the first initiate of the D.C. Alpha Chapter at George Washington University in 1909. His love for Sigma Phi Epsilon continued throughout his life, and in a bequest to the Foundation, he left an endowment which provides an annual award to recognize the outstanding chapter initiate of the year. The honoree for 1984 was Mark G. Harrison of the Western Carolina University chapter, North Carolina. P. Thomas R. Ferrara from the Maryland Beta Chapter at the University of Maryland received the award for 1985.

## FROM THE MAILBAG

(continued from page 2)

must also be aware of the signals that their behavior may send out for their date to interpret. Like it or not, some men interpret certain behavior or comments to mean that they want it. How can the best make the message clear that the doesn't? If a woman does not want to have sexual intercourse, she must make that very clear. She must also then make sure that her conduct and actions are consistent with that desire. On cases of acquaintance or "date" rape, women who report the crime made their choice very clear and were ignored. Most often physical force was used. Men who do this rape do it not for sex—they usually have other sexual outlets—but for the power they feel when they sexually assault a woman. I also found that his comment about "reky business" is misleading. It is women who take the risks. A man has about a 15 percent chance of being charged with a rape he has committed.

2. I objected to Gary Bonas' example of an intoxicated woman who files charges. This is not a common occurrence, and most women who are raped under these circumstances do not file charges because the system is not sensitive to her plight. It was good to see that he noted that consent cannot be given when:

a) under the influence of drugs or alcohol;  
b) under a certain age (14 in Texas); or,  
c) mentally or physically incapacitated.

I also felt the articles focused more on protecting the fraternity, its members and its image than on protecting the women from

forced sex.

I certainly appreciate your concern and applaud efforts at halting the increase in sexual assault. But as caring men, I think your focus should be more on the crime and its consequences on women. One hundred percent of the women who are raped suffer physically and emotionally. Less than 2 percent of men who rape suffer consequences at all.

Nancy Harrington,  
Director, Rape Crisis Program,  
Houston Area Women's Center

Editor:

While soring through the mail today, I came across the Journal and was prepared to set it aside for my husband when I spotted the lead page and its title. Being an active officer of the National Organization for Women, I was very curious to see what approach a fraternal newspaper would use to talk about the subject of date rape.

I was very pleased. The two writers, Mr. Bonas and Ms. Swann, presented a cogent analysis of the issue and didn't pussyfoot with the seriousness of this campus problem. It was refreshing to see a male publication state that men need to shed their macho perspectives toward sex and adopt a more sensitive approach toward women's changing roles and attitudes in our society and interpersonal relationships.

Robert J. Polletta,  
South Lyon, Mich.

## Legislation

(continued from page 1)

### □ Chapter executive committee changed

Chapters have recently completed voting on a constitutional amendment that was recommended by the Grand Chapter which provides that each chapter elect, as an executive committee officer, an Alumni Officers Director. The act also eliminated the positions of recording secretary and corresponding secretary, combining many of those responsibilities under the position of Chapter Secretary.

This new law becomes effective with chapter elections held this school year.

While reading the lead stories in the August Journal, especially the one entitled *No Choice* by Gary Bonas, I couldn't help but say to myself that all of the problems could have been prevented, and would not have even come up, if that chapter had only had a house mother.

And not only should there have been a house mother, but there should be a rule about having female guests in the brothers' rooms. This foolishness began during that decadent period when the campuses were being run by botheads in an uproar over rights, etc.

Don't misunderstand, I'm not a prude—I liked girls and dating and anything else that happened as much as the next guy. But I also feel the fraternity house is not the place for dates in the rooms.

This "freedom" should not be the selling

### □ Ritual

The Committee on Ritual Education was established as a permanent committee to develop programs which enhance the understanding of the Ritual and act as a clearinghouse for ritual materials and related matters before their publication.

This committee was set up on a temporary, trial basis at the Chicago Conclave in 1983. Since then, it has developed and spearheaded the Renaissance of Brotherhood program and other ritual education activities.

point for a fraternity. It is doubtful that any 18 or 19 year-old out of high school has had the freedom to take dates into his bedroom at home. I'm talking about with closed doors, making out and all the rest.

Therefore, if the fraternity has the rule before the pledge arrives, he can understand that that's the way it is. If not having dates in his room is going to prevent him from joining the fraternity, then he's not worth having in the first place.

Perhaps in this liberal climate, it is too late to try to enforce such a rule, but it certainly should be encouraged.

You can't imagine how pleasing it was to turn a few pages and find a story about house mothers and to find that my old chapter was featured as one of those. No wonder they've become No. 1 in UN.

By  
Charles N. White Jr.  
Western Michigan '82  
Executive director

This was a good year for Sigma Phi Epsilon. On the measurable basis, which is reviewed elsewhere, our improvement is clear. By all measures, this has been the case for several years now and, except for an unforeseen catastrophe, will continue. Success and continuing improvement are becoming a tradition in Sigma Phi Epsilon.

With our statistics and measurable operations in good order, we are challenged to work with our "foundation." Our dynamic, growing organization will require attention to its principles and values and a careful look at what it provides to its student and alumni members as it becomes more complete.

This "foundation" consists of our history, heritage, and traditions. It is established on our cardinal principles of Virtue, Diligence, and Brotherly Love, which are given interpretation in our ritual. It is, in a practical sense, what these mean at each chapter—how the chapter alumni and chapter leadership give them meaning, that makes the difference.

## The business of interpersonal skill development

# Our challenge now: to strengthen our foundations

Too often the time and attention of us all are locked into housing—numbers—results—with no time to look at what are we doing here? What do we provide our brothers? Do we live up to our principles? Is a young man better for having been in our chapter? Is the peer environment helping or hurting? What goes on with alcohol, drugs, women, grades, house cleanliness, and positive development for the future?

These questions are tough and not as easy to deal with as rush and finances. These are fundamental questions, and now is the time to begin once again to deal with them.

Patricia Cross of the Harvard Graduate School of Education in a paper entitled "Education for the 21st Century," which was presented at the annual conference of the National Association of Student Personnel Administrators in Portland, Oregon, in April, 1985, linked the college fraternity and its mission with the future of higher education. If we remember our mission, which is, "To maintain an environment conducive to personal growth, friendship, and self-fulfillment, and to foster in our members a lasting and positive attitude toward the fraternity by sup-

plementing an individual's education with the richness of group experience and share ideals as embodied in our Ritual," we will have no problem. Specifically, the emphasis on "supplementing an individual's education with the richness of group experience and shared ideals, as embodied in our Ritual," ties directly into Patricia Cross' paper. Following are some of her observations.

**Interpersonal skills.**—On the interdependence of people in the 21st century. "A better balance between education for independence and education for teamwork needs to be forged. Traditional education stresses independence in competition. The world students join after graduation, however, is increasingly demanding people who are able to work productively in groups. Business executives report that college graduates are especially poorly prepared to deal with organizational and interpersonal relationships. An astounding 78 percent of the executives of large business firms said that four-year liberal arts colleges are doing a poor job of preparing students for work."

"I think educators are in the business of human development. That includes moral

and personal development as well as intellectual development.

"Interpersonal skills can and should be taught. What used to be the extra curriculum and then the co-curriculum should not become part of the regular curriculum. At the present time, employers are taking on the teaching of interpersonal skills because the educational system has defaulted. Industry is taking millions of dollars on the premise that teamwork, supervision, leadership, and other interpersonal skills can be taught. I believe it. Living in the interpersonal world of the 21st century will require maximum development of interpersonal skills."

Sigma Phi Epsilon is in the business of interpersonal skill development, and the essence of our foundation, our Ritual, and our commitment to excellence, living by our cardinal principles of Virtue, Diligence, and Brotherly Love, fits in with Patricia Cross' perspective of education in the 21st century. We need to pay attention again to our foundation so we will be prepared to lead into this environment.

By Henry M. Lundis  
Illinois State '82  
Chapter services director

Ten regional directors in the 1985 school year allowed the Headquarters to offer more concentrated service to the chapters. Three regional directors worked with special situations, which included helping to launch new chapters and the redevelopment of chapters with critical problems.

Regional directors focused on areas of rush, finances, brotherhood development and alumni support. The staff also emphasized a motivation and problem solving group management process that has been used extensively in the management of the Fraternity. The process helps chapters develop mission statements and plans of action to take toward achieving their mission. This process of group alignment helps many chapters overcome difficult problems.

Efforts are now underway to develop support for chapters through alumni volunteers. At the San Antonio Grand Chapter Conclave, the district governors and National Board of Directors began a process to draw volunteers to the forefront in managing the Fraternity.

One result of that effort has been a proposal to restrict district boundaries to cut the size of some districts. Several district governors had found that their districts were too big geographically or that there were too many chapters for them to provide adequate service or atten-

## Chapter situations

# Alumni and Headquarters staff concentrated effort

tion. District governors are responsible for developing and coordinating alumni support for the chapters, with particular attention to chapter counselors and alumni boards.

On the chapter level, there are a few chapters which have encountered difficulties in recent years but are starting this year with strengthened operations. The Virginia Commonwealth University Chapter (Va. Beta) has undergone a complete reorganization this fall. The chapter alumni and Headquarters staff have worked together to start over this year and have built membership to 20.

The Baldwin-Wallace Chapter (Ohio Zeta) has been plagued with many operational and disciplinary problems in recent years. Local alumni there have become involved to develop a program for chapter improvement.

The University of Massachusetts Chapter (Mass. Alpha) has received a great deal of regional director support this fall to help develop a solid footing for the chapter. It pledged 23 men for fall term, paving the way for a strong future. A new alumni board has been recruited and will pursue long-term housing opportunities.

A few chapters have experienced significant increases in fall pledging results. The Lorain College Chapter (Iowa Eta) pledged 30, Wichita State (Kansas Eta) 40, and East Tennessee (Tenn. Gamma) with 50 are prime examples.

Concern has arisen at Appalachian State (North Carolina Nu) where the university administration suspended our chapter this fall

following incidents at open campus parties. The chapter is assembling a list of criteria that must be met in order to have its suspension lifted.

The Sigma Phi Epsilon National Board of Directors suspended the charter at St. Mary's University (Texas Theta) after it was not represented at its third consecutive Grand Chapter Conclave—the third being in its own city of San Antonio. A program for improvement and participation in national fraternity events has been developed that will involve the chapter, alumni, the district governor and the Headquarters staff.

The Board will also be reviewing a response from the York College Chapter (Pennsylvania Sigma) regarding that chapter not being represented at three consecutive Convales.

Hazing and operational problems have resulted in the closing of the chapter house at Worcester Tech (Massachusetts Beta) and suspension of all undergraduate members. The chapter is being reorganized by a chapter alumni advisory council.

The district governor and regional director are working together for improvement at our Chico State Chapter (California Iota). This chapter has been suffering from weak operations, low manpower, and poor neighborhood relations.

A 19-man pledge class signals improvement on the horizon for the Marshall University Chapter (West Virginia Gamma). That chapter has been plagued with financial difficulties for several years.

An effort to increase volunteer participation in managing the Fraternity is underway. Volunteers helped chapters last year develop mission statements and action plans at Regional Leadership Academies.

## Expansion progress

# Our growing chapter roster: 10 chapters added

By J. Darren Rodgers  
Georgia '84  
Expansion director

We initiated 45% men in the last academic year not only as brothers, but as founding fathers of six new and four rechartered chapters. The growth in number of chapters represents important strides for the Fraternity for providing the Sigma Phi Epsilon experience to more students in America and for providing more opportunities for alumni to become involved with local chapters in their areas.

The National Board of Directors directs the

focus of Expansion. The board has targeted dormant chapters as our top priority. This is of particular interest to alumni of these chapters. Other priorities are schools with highly competitive admission requirements and healthy Greek systems generally consisting of 13 or more fraternities. Other opportunities, such as the chance to affiliate with a local fraternity already in existence, are also considered.

Four groups are currently petitioning the Grand Chapter for chartering. These Sigma Epsilon Chapters are located at the University of Tampa, the State University of New York at Binghamton, the University of Rochester,

and Creighton University of Omaha, Nebraska. The petition from the University of Tampa Chapter, dormant since 1976, has been approved by the National Board of Directors, the district governor, and all chapters in district 8 (Florida). It is scheduled to be rechartered as Florida Zeta on November 16, 1985.

Requirements for chartering are similar to the expectations for quality operations of a Sigma Phi Epsilon Chapter. Each group must complete a brotherhood development program, have sound financial operations, have an alumni housing/development corporation and chapter counselor, complete at least one suc-

cessful rush to achieve a level of manpower competitive with the top fraternity on campus, and have a grade point average competitive with the top academic chapters on campus. The group must also set aside money for personal initiation fees and expenses for an installation weekend.

Most Sigma Epsilon Chapters far exceed these minimum requirements as groups did last year at Old Dominion University, Tufts University, Southern Methodist University, Sanford University, Westminster College at Pennsylvania, and the University of Calif.-Berkeley, University of Calif. at Los Angeles, Central Florida, Delaware, and Maryland.

Number of chapters at beginning of fiscal year . . . . . 237

New chapters chartered during 84-85 . . . . . 6

Dormant chapters rechartered during 84-85 . . . . . 4

Chapters closed (dormant) during 84-85 . . . . . 4

Total chapters at close of fiscal year . . . . . 243

## Added Dimensions

### Computer offer helps Foundation

The Sigma Phi Epsilon Educational Foundation has entered an agreement with the MSX Corporation of San Francisco to offer a combination of personal computer packages. The computer offer also provides an opportunity to build chapter funds in the Added Dimensions Program.

For each computer sold by MSX in the Foundation offer, MSX will contribute \$125 to a chapter's Added Dimensions account with the Foundation. The money in those funds can be used for educational programs, purchasing computer or video equipment for learning centers, or other educational resources for the chapter.

An Apricot F-1 mini-computer with a black and white monitor, and Okidata 1821 printer, and three GEM software packages

are included for \$1,250. A color monitor is available for an additional \$139.99.

For \$2,849, MSX is making available the IBM PC with a black and white monitor, an Okidata 1821 printer, and two to the PFS software packages. A color monitor is also available.

Apricot is the biggest selling computer in Europe—where it is produced. The F-1 is a 512K computer, perhaps the most powerful in its price category. It is a completely expandable machine and all software packages available for IBM computers is also available for Apricot.

For additional information, contact Les Wells at MSX (phone 415-595-2225) or Sig Ep Headquarters (phone 804-266-7648).

Members of the Virginia Nu Chapter at Radford University braved rainy weather and heavy traffic to ride a bicycle 150 miles to Sig Ep Headquarters in Richmond, Va. recently to benefit the American Cancer Society. Chapters are using community service projects to build positive images for the Fraternity. The Radford chapter raised more than \$1,000 in its effort.

## Sign of the times

# New laws bring dry rush; chapters find benefits

ORANGE, Calif.—Sigma Phi Epsilon's California Nu Chapter at Chapman College was highlighted in a recent *Los Angeles Times* feature story as an example of a fraternity pioneering dry rush.

The article's initial story line centers around the opening night of rush and trails Chapter President Scott Fishman, '86. He is followed throughout an evening of anxious anticipation, using his "commanding charm to sell rushes on pledging" during the event, and to the evening's ultimate success.

"Things are going great! I couldn't ask for more," Fishman was quoted.

Undergraduate delegates to the 1985 Grand Chapter Conclave adopted legislation that gives February 1, 1986, as a date for all Sig Ep chapters to eliminate alcohol from rush events. Increasing legal liability, the rising legal drinking age, the concern for dollars wasted on alcohol, and improved rushing conditions among the many reasons that undergraduates demanded this move.

Although fraternities at Chapman are not required to have non-alcoholic rush functions, Fishman and his chapter see dry rush as a definite part of the future of fraternities. "We thought it was best to implement a dry rush now, to get the jump on the other fraternities. When the college says rush must be dry, we will be ready for it."

Many colleges and universities have already adopted strict new dry rush rules. Others are likely to follow.

A common first response is "Oh, it'll never work, nobody will come if we don't have a keg."

"That's foolish," says Bob Reynolds, South Carolina '86. The IFCC on his campus adopted dry rush rules last year when the drinking age in his state was raised to 20. Reynolds, the chapter president, says his chapter got 38 pledges that fall in dry rush.

"We never, ever got 38 pledges before. There's no reason in the world you can't do

even better with dry rush than with wet," Reynolds said.

"The only difference is that the money you would normally spend on alcohol you can devote to foods, cookouts, themes for parties and public relations," he said.

Iowa State University has had dry rush during its formal rush period for years. Chapter President Tony Castelli, Iowa State '87, has never known any other way.

"It is very effective," Castelli says. "I think rushes really appreciate it. This way, there is no pressure."

Castelli's chapter may even explore extending dry rush into its summer rush program. Being outside the formal rush period, summer rush is not controlled by campus policy, and that is when chapters do most of their rushing at Iowa State.

Last summer, because of a "communication breakdown," the beer kegs slated to be aboard a canoe to provide libations for their annual canoe trip rush event never showed up.

People were real surprised, we had a lot of fun anyway—we just went on without the beer," Castelli said. "Then we had that money for other things."

Dry rush works to our benefit," says Castelli. "Because we can show that there's money to fraternity life than drinking and partying."

Pledging tends to go up for chapters that adjust quickly to the change in rushing procedure. At Bowling Green State University in Ohio, pledging was up 20 percent with the implementation of dry rush.

Some other chapters have reported pledging to be off slightly with their first attempt at dry rush. Being prepared seems to be the key to avoid disappointing results.

Said South Carolina's Reynolds: "I have confidence Sigma Phi Epsilon can sell itself, we don't have to have beer to do that."

# On campus with Sig Ep...chapter news

ΣΦΕ

## ALABAMA

**Auburn-Montgomery**—Our chapter's football team won the intramural championship and our softball team won its championship for the sixth consecutive year. We won the ALM All-Sports Trophy. Summer rush yielded 20 pledges—with more rush parties still to come. We are making plans for dry rush next quarter. We won an outstanding service award from the American Red Cross for 1994.

—Paul E. Millo

**Huntingdon**—We recently completed fall rush with 17 pledges. Our alumni have scheduled a cancer trip for the brothers and pledges to get better acquainted. We renovated our chapter rooms to accommodate our growing membership.

—Joe Richardson

## ARIZONA

**Arizona**—A very successful rush brought us 57 pledges, boosting total membership to 183. Plans are being made for the November homecoming for a barbecue and Wildcat football.

—Jeffrey R. Getch

**Arizona State**—During a busy summer, we put on a new roof, replaced ceiling tiles, laid new sod on the volleyball court, replaced the courtyard, put in new carpet and painted the house interior. We had our first dry rush this fall—the best rush on campus, taking 39 men (membership 158).

—Brian Fries

**Northern Arizona**—We have completed almost \$10,000 worth of renovations to the chapter house. We built a basketball and a volleyball court, landscaped the backyard, and added a new computer for the chapter. Our membership of 42 makes us the third largest on campus.

—Kevin Kinsley

## ARKANSAS

**Arkansas State**—Our 24-man pledge class won second place in Delta Day competition. The alumni banquet will be in Remy Center, November 23.

—Jerry Agarwal

Up in smoke: 48 left homeless, all escaped without injury.

photo by John Ruggins

## Brothers escape fire at Northern Illinois

By Tom Macdon

**DEKALB, Ill.**—The upper floor and the roof of the Sigma Phi Epsilon house at Northern Illinois University were destroyed in an early evening fire October 14, leaving 48 members of the 104-man chapter homeless. There were no injuries. The three-story frame structure, which the chapter rents from a local resident, sustained \$200,000 damage in the blaze.

Fire officials ruled the fire an accidental. Reports indicate that the landlord had been installing hot water baseboard heating pipes on the third floor of the building when the flame from a hand-held blow torch ignited the

insulation. The owner apparently thought that he had extinguished the flames, but three hours later, the still-smoldering fire had spread to the attic where it burst into flames.

Most of the homeless Sig Eps are being housed in private dormitories, other fraternity houses or with brothers who live in apartments. The NIU Greek community and other student groups banded together to establish a relief fund to assist the Sig Eps who lost clothing, books and other belongings in the fire. Red Cross Disaster Services also offered clothing and shelter for the men.

About 35 members were in the house at the time of the blaze. Chapter Vice President

with a Buchanan Cup from the Conclave. That fall we are having our first experience as pioneers with dry rush.

—Scott Asher

## COLORADO

**Colorado School of Mines**—This year we will be sponsoring our second 25-50 kilometer bike-a-thon for the Colorado Heart Association. We won the Engineering Days competition for the sixth consecutive year and placed first in the Sport Cup event. Our emphasis this fall is on academics so that we can increase our grade point average standing.

—Paul Hesel

**Colorado State**—Our fall pledge class of 20 maintains membership at 200. We have received an academic award along with the All-Fraternity sports champions for the fourth consecutive year. We sponsored a Halloween Party for a children's day care center, and a grandparents adoption day at a local rest home. Parents weekend will be November 15-17—last year more than 200 parents attended.

—Robert Wolf

## CONNECTICUT

**Connecticut**—We initiated 29 brothers in the spring and opened rush this fall under our new dry rush policy. We brought home a Buchanan Cup from the San Antonio Conclave as well as the chapter and regional man-of-the-year awards. Connecticut alumni Bill Wynd is a regional director on this year's Headquarters Staff.

—Dana Goodale

## DELAWARE

**Delaware**—We have reopened the chapter house at 30 East Main Street with 40 live-in brothers and a full meal plan. Sig Eps leaders on campus include vice president of the Student Government, president of Greek Council, and football team quarterback. Sig Eps host the All-Greek Ball Room in the fall. We are making plans for our installation anniversary celebration for March 2, 1996.

—Thomas Boettcher

## FLORIDA

**Florida**—Florida's new higher drinking age brought dry rush to campus the fall, and we pledged 30 men to make membership 112. We recently added a two-level deck in our back yard. We recently held the annual Fall Football Frenzy, a football tournament which benefited Big Brothers/Big Sisters of Gainesville. Faculty Adviser Bill Cross received the prestigious Order of the Golden Heart at the San Antonio Conclave.

—Michael P. Spellman

**Florida Southern**—We are making plans for our fund raiser for the American Cancer Society and for Polyment 95. We placed in the top third in academics

last year. The lobby at the house will be completely renovated, with assistance coming from PSC, Alumnus, and the Headquarters.

**Central Florida**—We were initiated last spring, having qualified for chartering after only five and a half months. Our grade point average ranked second on campus in spring term. That fall we took in a 22-man pledge class.

**Jacksonville**—Our 16 pledges maintain our position as largest on campus with total manpower at 50. We participated in our pledge-thon to raise money for the School Anniversary Fund.

**Miami-Dade**—A well planned rush program brought us 17 pledges this fall. We will be involved with the local Special Olympics again this year, hoping to build a tradition that started last year. We have won the President's Cup for two consecutive years, and the Intramural Cup for three.

—Paul DePina

**Rollins**—Winter formal is scheduled for November 22, at 8:00 p.m. at the Wadsworth Hotel. Chapter President Murray Sader, Roll 97, was at ABC's Good Morning America, delivering the invocation for the college's 100th anniversary.

—Mason Ayres

**St. Leo**—Christmas dinner will be at the Leo's Den on December 6, at 8:00 p.m. We initiated in the Library ground-breaking ceremony. We sponsored a dance, September 27, to benefit the needy. We also held our annual Halloween dance in October.

—Tom Kenley

**Stetson**—Fall rush brought us 15 new pledges. We are organizing a "Four Brothers" football game, where we will play local police on a benefit game.

—Scott Price

**Tampa**—We have been working to fulfill requirements for installation as a Sigma Phi Epsilon Chapter scheduled for November 16. Our 20 summer and fall pledges make total manpower 45.

—Ron McClann

## GEORGIA

**Georgia Tech**—We made it to the playoffs—on every sport last spring. Recent grade reports rank us above the all-men's party on campus. We held a wine and cheese fundraiser for alumni, October 11-12.

—William L. Holbrook, Jr.

**Georgia Southern**—We have reacquired our position at the top in rush on campus for the second time in six quarters. We returned this fall with the strongest manpower in four years before rush.

—Paul Jentry

**Georgia State**—We placed third overall in sports last spring. Last year we raised money for arthritis and Sudden Infant Death Syndrome research. This year we were selected to coordinate a major fund raiser for the Heart Association at Georgia State.

—David Newton

(continued on page 10)

## SEIKO QUARTZ

Sigma Phi Epsilon has appointed the Seiko Time Corporation to create a new limited issue of the Official Fraternity Watch.

A richly detailed three-dimensional re-creation of the Coat of Arms appears on the brilliant 14 kt. gold-finish dial of the watch. Each timepiece features the precision electronic Seiko Quartz movement.

The watch is being offered in three styles.

**Men's wrist watch** with black embossed calf leather strap, gold-tone case, date display, water resistant to 100 feet, five-year battery. (\$180).

**Men's bracelet wrist watch**, stainless steel case, gold toned bezel, adjustable stainless steel and gold-tone bracelet, date display, water resistant to 100 feet, five-year battery. (\$195).

**Pocket watch**, gold tone case, two-year battery life, complete with matching chain. (\$195).

Each watch carries Seiko's full one-year limited warranty. Upon delivery, you must be absolutely satisfied you may return it for a full refund.

Call now to assure delivery before Christmas.

9 a.m. to 9 p.m. (eastern time)

# The All-time Sig Ep Football Team

## Among the best in Football

By Jay Langhammer

Journal sports writer

Since the early 1900s, members of Sigma Phi Epsilon have made their mark on college and professional football grids all over the world. To honor those Brothers who have ranked among the game's best, we present the Fraternity's all-time football team. Before deciding on our final choices, the careers of several hundred top players were reviewed, with the following criteria being considered: honors, awards and statistics as a collegiate and pro player; success of team during years played; length of pro service; and impact on the game.

Leading the offensive backfield is Heisman Trophy winner and College Football Hall of Famer Davey O'Brien of Texas Christian University, whose college career totals were 2,659 yards passing, 925 yards rushing, 1,186 punt return yards and 16 interceptions. The 5'7", 150-pounder also kicked and punted for the Horned Frogs, while leading TCU to the national championship and a Sugar Bowl win in 1938. Davey joined the Philadelphia Eagles for two seasons and was All-NFL as a rookie. His 33 completions in 60 attempts in a 1940 game were NFL records for many years and are still Eagles standards.

Bill Brown of Illinois is the Fraternity's top pro career rusher and receiver. An All-Big Ten pick in 1960, he joined the Chicago Bears in 1961, and was traded to Minnesota the following year, where he enjoyed 13 fine seasons with the Vikings. He played in three Super Bowls and four Pro Bowls, while scoring 456 career points. In 1964, Bill rushed for 866 yards, caught 48 passes for 703 yards and scored 16 TDs. His career totals are 5,838 yards rushing and 286 catches for 3,183 yards.

At a Wake Forest senior in 1956, Bill Barnes rushed for 1,010 yards, was ACC Player of the Year and an All-American He

joined the Philadelphia Eagles in 1957 and led the team in rushing his first three years, with a high of 687 yards in 1959. Billy also played in three Pro Bowls and an NFL title game before moving to the Redskins and Vikings for two seasons each. In one pro season, he rushed for 3,421 yards while catching 153 passes for 1,786 yards.

Rounding out the backfield is two-time All-American Steve Worster of Texas, who placed fourth in the 1970 Heisman Trophy balloting. He helped lead the Longhorns to three South-west Conference titles, three Cotton Bowl appearances and the 1970 national championship. As a senior, Steve rushed for 898 yards and scored 14 touchdowns, including a school record of four in one game. He had a career rushing total of 2,353 yards and played briefly with the Hamilton Tiger-Cats of the Canadian Football League in 1971.

Moving to the offensive line, our tight end is recently retired pro star Joe Senser of West Chester. As a collegian, Joe set a school record with 154 career catches for 2,183 yards. After a year on the Vikings injured reserve list, he became a regular in 1980, catching 42 passes for 447 yards and seven TDs. In 1981, Joe set an NFC tight end record with 79 catches for 1,004 yards to earn All-NFL and Pro Bowl selection. Injuries hampered him the next three seasons and he decided to retire prior to the start of 1985 training camp. Joe's career figures are 165 receptions for 1,822 yards and 16 touchdowns.

The University of Florida's first All-American (in 1928), Dale Vansickle gets the nod at wide receiver and was one of the top pass catchers of his era. His 1928 Gator squad was 8-1 and led the nation with 336 points, then posted an 8-2 record in Dale's senior year of 1929. He was named to the National Football Foundation College Football Hall of Fame several years ago.

At one offensive tackle spot is Canadian

Football Hall of Famer John Barrow of Florida, who was named to more all-star teams than any player in CFL history. A 1956 All-American and SEC Lineman of the Year, he joined the Hamilton Tiger-Cats for 14 seasons and played in nine Grey Cup contests. He was CFL Outstanding Lineman in 1962 and Eastern Conference Lineman of the Year six times.

The other offensive tackle, Stew Barber, was All-East for Penn State in 1960 and played in two Liberty Bowls and three all-star games. He became one of the top linemen for the Buffalo Bills from 1961 through 1969, playing in two AFL title games and five AFL All-Star Games. Stew was All-AFL in 1964 and later served the Bills as a vice president from 1972 to 1982. Last year, he was named to the Bills 25th anniversary team.

Twice named All-Big Ten, guard Lin Houston was an All-American for Ohio State's 1942 national champs and was chosen for two College All-Star Games. Following military service, he joined the Cleveland Browns and played in the league championship game each of his eight pro seasons.

Billy Voest of North Carolina State was twice named All-ACC and was a consensus All-American in 1973. As a junior, he played in the Peach Bowl while the Wolfpack posted a 7-3-1 record. Billy's senior year honors also included winning the ACC Jacobs Blocking Trophy as North Carolina State was 8-3 and won the Liberty Bowl. He played briefly in the NFL in 1974.

Center Clyde Smith was the first Missouri player to enter pro ball, following two years on the All-Missouri Valley team. He joined the Kansas City Cowboys in 1926 and was named to several All-NFL teams. Clyde again was All-NFL the following year for the Cleveland Bulldogs. He joined Providence in 1928 and earned another All-NFL selection as the Steamrollers were league champs.

### The defensive team

The Sig Ep defensive line is perhaps the greatest front four claimed by any fraternity. End **Doug Atkins** is a member of both the College and Pro Football Halls of Fame. At Tennessee, he was a 1952 All-American and played in three bowl games. A 1975 poll named him as the Southeastern Conference Player of the Quarter Century (1950-74). Doug had a remarkable 17-year pro career with the Cleveland Browns, Chicago Bears and New Orleans Saints, playing in four NFL title games and eight Pro Bowls. He appeared in 205 regular season games, was All-NFL three times and was named to the NFL All-Pro Squad of the 1960's decade.

At the other end post is Purdue's Leo Sugar, a 1951 All-American who played in the East-West and College All-Star Games. He joined the Chicago Cardinals in 1954 and gave the club seven outstanding years and two Pro Bowl appearances. Leo later played for the Philadelphia Eagles in 1961 and the Detroit Lions in 1962.

Tackle **Bob Lilly** of Texas Christian University, like Doug Atkins, is also a member of both the College and Pro Football

1977 and joined the Cleveland Browns as defensive coordinator this season.

**Pete Wysocki** was a hard-hitting line-backer and specialty teams star over 10 pro seasons in the CFL and NFL. As a Western Michigan senior, he was the leading tackler, and then played with Hamilton (1971) and Toronto (1972) of the Canadian Football League. Pete became a regular with Saskatchewan in 1973, then was All-Eastern Conference the following year. He moved to the NFL in 1975 and had six productive seasons for the Washington Redskins before retiring.

### The Secondary

Leading the secondary is former Kansas City Chiefs standout **Johnny Robinson**, initiated at Baker University. A member of the all-time AFL first team, he played three seasons for the Dallas Texans before the franchise moved to Kansas City in 1963. Johnny twice had 10 interceptions in a season, was All-AFL four times, All-NFL twice and played in two Super Bowls. He is second among Chiefs career leaders with 57 interceptions for 741 yards.

Current pro star **Vann McElroy** holds the Baylor career interception mark with 16, was twice named All-SWC and earned All-American honors in 1981. He joined the Los Angeles Raiders in 1982 and was on the NFL All-Rookie team. Now in his fourth pro year, Vann has played in two Pro Bowls and one Super Bowl.

One of the leading big play specialists in Georgia history, **Bill Krug** received All-American mention each of his three varsity years. A member of the Soph All-American team in 1975, he played in the Cotton Bowl. As a junior, he was All-SEC as the Bulldogs won the SEC crown and went to the Sugar Bowl. Bill repeated on the All-SEC team as a senior after making 73 solo tackles. He won Georgia's "Big Play" award three years and had 13 career sacks.

Our fourth defensive back, **Johnny Williams**, is still the career punt return leader for USC with 92 for 1,025 yards (11.1 average). An All-APC safety for the Trojans, he picked off 8 passes for 167 yards and returned 29 kickoffs for 686 yards (23.6 average). Johnny joined the Washington Redskins for three years and holds club records for best season (15.25) and career (12.8) punt return averages. As a rookie, he led the club with 5 interceptions then picked off 6 in 1953 to earn Pro Bowl honors. He later played for the Montreal Alouettes of the CFL.

Handling both punting and placekicking duties is Washington Redskins standout **Jeff Hayes**. At North Carolina, he scored 199 points as a kicker and had 70 punts for a 40.1 average. He holds the UNC record of 45 extra punts in a season and twice had 8 extra punts in a game. Since joining the Redskins in 1982, Jeff has handled the kick-off duties and made 195 career punts for a 38.8 average. In Super Bowl 17, he had 4 punts for a 42 yard average.

### More outstanding players

As previously mentioned, a number of other outstanding players were considered for our all-time Sig Ep team. Space limitations won't allow us to touch on all of their accomplishments, but we would like to mention some of them. Outstanding quarterbacks include current Seattle star **Dave Krieg** of Washington, who threw for 3,671 yards last year; former Green Bay and Denver passer **Don Horn**, initiated at Washington State; and six-year CFL pro **Mark Jackson** of Baylor. Other top runners are College Football Hall of Famer **John Maulbetsch** of Michigan and **Sam Chapman** of Calicut, Canadian Football Hall of Famer **Paul Rowe** of Oregon;

four-time All-NFL center **Verne Lewellen** of Nebraska; six-year pro **Dick Hoerner** of Iowa; a 1951 Pro Bowl pick; **George Tech**; **Frank Ziegler**, a five-year pro with the Eagles; and All-Americans **Benton Bang** and **Bob Kennedy**, both of Washington State.

Among receivers are three Kansas State alumni; five-year CFL star **Rollin Pratt**, whose 15 catches for 270 yards in a 1956 game set Howard Webster and four-year pro **Mike Montgomery**. Top offensive linemen include Doug Crusan of Indiana, who appeared in three Super Bowls for the Miami Dolphins; 1947 All-NFL guard **Bill "Red" Moore** of Penn State; eight-year Browns guard-center **Jim Copeland** of Virginia; famed California center **Joe "Wong" Wray**; Rice's All-American **Joe Messner** of Wisconsin; **Tom Hupke** of Alabama; Sam Valentine of Penn State; and **Frank Ditta** of Baylor; plus current Denver Broncos star **Keith Bishop** of Baylor.

Noteworthy stars on defense include **Ed O'Bradovich** of Illinois, a 10-year packer from the Chicago Bears; Illinois tackle **Joe Rugeley**, who spent nine seasons with the Washington Redskins and two in Pro Bowls; one-year St. Louis Cardinals tackle **Bob Rowe** of Western Michigan; Auburn **Jerry Wilson**, a two-time All-SEC end who played five years in the NFL and CFL; and University of Texas All-American **Dave Menasco** and **Kiki Deayalva**, both of whom played end in college but shifted to linebackers as pros.

## The Sig Ep defensive line is perhaps the greatest front four claimed by any fraternity

Halls of Fame. Twice named All-Southwest Conference, he was an All-American in 1960 and played in four all-star games. Drafted number one by the Dallas Cowboys, Bob was one of the NFL's top stars for 14 years, earning 11 Pro Bowl and 6 All-NFL selections. He played in two Super Bowls and was named to the NFL All-Pro Squads for both the 1960's and 1970's.

The Fraternity's only Outland Trophy winner rounds out the front four. **Bob Gain** of Kentucky earned All-American honors in both 1949 and 1950 and is in the College Football Hall of Fame. After a season with Ottawa of the CFL, he joined the Cleveland Browns in 1952 and was a 12-year standout. The Browns played in five NFL title games during Bob's stint with the club and he earned five Pro Bowl selections.

Leading the linebacking crew is Colorado State's **Dale Doodril**, who spent the early part of his pro career as a middle guard when the five-man line was in vogue. As a collegian, he was All-Skyline Conference three years then played in the East-West and College All-Star Games. Dale had nine stellar seasons (1951-59) with the Pittsburgh Steelers, earning All-NFL honors three times and going to four Pro Bowls.

**Tom Bettis** was named to Purdue's all-time team in 1970 after twice being the team MVP, co-captain and All-Big Ten in the 1950's. He also was an All-American in 1954 and went to three all-star games. Tom was a regular during most of his nine pro years with the Packers, Steelers and Bears before moving into coaching. He was head coach of the Kansas City Chiefs during the later part of

Jay Langhammer, a leading expert on Greek life sports, covers Sig Ep on sports in each issue of the Journal. Send names of athletes and coaches or accomplishments you know of to Journal Sports, P.O. Box 1901, Richmond, VA 23215.

**Southern Mississippi**—Two brothers attended the Grand Chapter Convocation in San Antonio. We are coordinating efforts from the Sig Epi Headquarters and University officials to make plans for a new house.

—Michael J. Leneburg

## MISSOURI

**Central Missouri State**—The fall calendar included Sigs Ruff IX, a state-wide award for Eastern States. We also held a Head Start Study to improve community relations. We were proud to receive our seventh consecutive Buchanan Cup, and the Benjamin Howell Frasier Chapter Publications Award for the Photo Book at the Grand Chapter Convocation. A pledge class of 32 puts our membership at 101.

—Jon D. Atwood

**Culver-Stickney**—We recently completed our annual Derby Days. The alumni corporation has been working to restore our house about \$16,000 spent on the exterior.

—Joel Adam

**Missouri**—We played 27 men in summer rush to boost chapter membership to 82. We finished ninth in intramural last year. Fight Night was scheduled for November 7, 1985. Vice Chancellor of Administrative Affairs for ULMC, Duane Stuckey was initiated as an honorary member and is our new chapter counselor.

—David R. Grier

**Missouri-Rolls**—We received a Buchanan Cup Outstanding Chapter Award at the Convocation. Our 27-man pledge class made membership 100. We finished in first place in intramurals for the last year. We conducted several fund raising activities for the Kilauea Pali School. We are making plans for alumni-reunited football games in St. Louis and Missouri in November 30.

—Tom Ruth

**Northeast Missouri State**—We completed our third consecutive year with the top grades on campus. Our brother currently serves as assistant to the president. We have 13 pledges for a total membership of 79.

—Michael J. Jensen

**Northwest Missouri State**—Dry rush has brought us our highest pledge class ever with 23 pledges. We finished second in intramurals on October 12 and planning for the fall formal scheduled for November 16 at the Adam's Mark in Kansas City.

—Dale J. Schaefer

**Southwest Missouri State**—We have recently completed major renovations to the house. A fall pledge class of 15 makes membership 52. We completed spring term with a 2.6 GPA.

—Brian Epstein

**Washington**—We have been busy with Alpha Chi Omega Sorority preparing for homecoming. Our fall pledges, 10 will push membership near 100. Future plans for the house are finally agreed.

—Mark D. Kaskhan

## NEBRASKA

**Nebraska State**—A September trampolines show with the Alpha Phi Sorority raised money for the Heart Fund. Our football and volleyball teams were in the playoffs. Twenty pledges from our first experience with dry rush made manpower 56.

—David Enard

**Nebraska-Lincoln**—We start our 75th year this year, having won our sixth consecutive Buchanan Cup at the Convocation. We initiated 26 new members in January and 10 in August, including our 14,000 brother. We finished third in intramurals, are in the top third academically and have five members in the Mortarboard academic honorary. During Greek Week, we won the philosophy competition helping us to win the third year award.

—Andy Pollock and William B. Foss

**Nebraska-Omaha**—We won the IFC sports championship for the fifth year in a row, by finishing first in 11 of the 15 sports. Our chapter GPA ranks third on campus. We helped to raise money for the Jerry Lewis Telethon and also for the Leukemia Foundation.

—Rick Gabriel

## NEW HAMPSHIRE

**Dartmouth**—The chapter passed minimum standards this summer, and we also maintained our independent status. Work has been completed on the Peter D. Sorenson '83 Memorial Library. We helped launch swimming lessons for Special Olympics and had the athletes over to the house for a barbecue.

—Craig Granowitz

**New England College**—Our alumni board has been incorporated and a second year underway for housing. We participated in a United Way Bed Race.

—William D. Morris

**New Hampshire**—We have moved into our newly leased chapter house. Forty-Five brothers now live at the house on Fraternity Row. We held a town party to collect food for needy people. This fall, we again broke tradition at UNH by holding a completely non-alcoholic, bachelorette program.

—Phil Doherty

## NEW MEXICO

**New Mexico**—We received a Buchanan Cup Outstanding Chapter Award at the Convocation. We initiated 26 new members in January and 10 in August. We received 18 pledges in our first-ever dry rush.

—Kevin Ortero

## NEW YORK

**SUNY Binghamton**—We assisted with the school's annual phone-a-thon to raise money for the scholarship fund. Our main focus this year is on fulfilling the requirements for installation as a Sigma Phi Epsilon Chapter.

—Daniel Kakek

**Buffalo State**—In the spring, we took first place in a mud-volleyball tournament. We had 115 people attend

the Queen of Hearts Ball. We are currently organizing an alumni board.

—Robert C. Biscione Jr.

**Cornell**—We had a very successful "Mushroom Festival" booth at the Fun-in-the-Sun Greek Carnival. Chapter members did volunteer work at the Ithaca Child Care Center.

—Brian J. Schwab

**Corland State**—We were making plans for our fifth annual charity keg. We will roll a keg from Cornell to Corland State and then to the Alpha Delta Chapter in Kentucky. Winter formal will be at the house on December 7, at 9:00 p.m.

—J.C. Morton and Jim McCabe

**Fredonia**—We celebrated our 50th anniversary on October 26 with a special banquet. Sig Epi also participated in an active role in establishing an Inter-Greek Council. We also took leave for elderly people in the community.

—Jeffrey K. Dowser

**Geneseo State**—We received encouragement for our housing plans at the Grand Chapter Convocation in San Antonio. We are currently setting up a housing fund. We were the leaders on campus this fall by being the only fraternity on campus with dry rush.

—Phil Porter

**Miami**—We chose the outstanding blood donor group at the Miami University of Ohio. We collected more than 250 pints of blood during the last school year. The Friends of Miami Alumni Association picked us as winners of the Service Group Award. We will hold a special alumni weekend, March 29, to commemorate our seventh anniversary.

—Cun A. Schryver

**Rensselaer Polytechnic**—The alumni are again active in restoration. After many room changes in recent years, the bedrooms are up new.

—Thomas M. Payne

**Rochester**—We just formed our chapter this fall and are working toward installation. We are sponsoring a blood drive to benefit the Rochester community. We are also looking for local Sig Epi alumni to become involved with the chapter.

—Peter Mann

**Syracuse**—In addition to winning the All-Midwest Spring Softball Tournament, we were also awarded the Chatterbox Cup as outstanding fraternity on campus. The new chapter house at 721 Connecticut Avenue was dedicated on October 19, 1985. We have been working to raise money for the annual university-wide Miscellaneous Disease Marathon and are sponsoring a talent show to benefit a fellow brother diagnosed with leukemia. Our fall pledge class of 14 boosts manpower to 112.

—Philip R. Nevins

## NORTH CAROLINA

**Appalachian State**—We celebrated our 10th anniversary the weekend of November 3, 1985. The weekend was highlighted by a pep assembly and the dedication of awards and a black tie event for alumni and undergraduates.

—Jeffrey R. Rikard

**Davidson**—We have moved into our new house on campus. We returned to Patterson Court after 15 years on campus. We maintain our position at the top in the playoffs. We have made more than 30 pledges per year for the last two years to boost manpower to 73.

—Fred Higgins

**North Carolina**—A pledge class of 22 boosts manpower to 78. We recently acquired new paintings and furnishings for the living room at the house. We won the intramural championship last year. Walter Hill, Sig Epi 100,000 member is now our chapter adviser. We continued to coordinate the card contest—one of the few remaining at the time—in home.

—Patrick Callaway

**North Carolina-Greensboro**—We finished last year in first place in intramurals and second overall. We raised \$3,000 for the American Cancer Society with a canoe-pull from Chapel Hill to Greensboro.

—Todd Nichols

**Western Carolina**—Our softball team won their league. We had a charity softball game with a local television station to raise money for the Heart Fund. We moved up to number two in fraternity grade point average. A 21-man pledge class makes membership 99.

—David Boykin

## OHIO

**Bowling Green State**—We received a Buchanan Cup at the Convocation. Chapter President Stephen J. Macintyre was elected to the National Board of Directors. We won the intramural championship last year. "Mid-Tug," which raised more than \$400 for the Heart Association. This fall we initiated 11 new brothers and have 24 pledges to make chapter membership 101.

—Timothy A. Craig

**Cincinnati**—We won an Excellence Award for finances at the Regional Leadership Award last spring and won the "Big Six" Sing with the Alpha Delta Chapter. We took fourth place in intramurals. The Queen of Hearts Dance is scheduled for the Music Hall, February 15, at 8:00 p.m.

—Andrew C. Tilton

**Cleveland**—We were the first fraternity on campus to initiate a dry rush program. We have also implemented a new brotherhood development program and have a new resident counselor. Brother Phil Sage has made his third crossing of Lake Erie on a wind-surf to help the Ronald McDonald House.

—James J. Davis Jr.

**Defiance**—We purchased our house in September. We have been making improvements such as painting the house and enlarging the driveway. We will be sponsoring the Red Cross blood drive and raising money for Habitat for Humanity.

—James J. Davis Jr.

**Ohio Northern**—We took second place in Greek Week and received the President's Trophy for the highest grades among fraternities. We held a special scholarship luncheon to thank our effort. We also had our second annual Daif's Day and will sell our new chapter adviser is Dr. Clyde Painter.

—Steven Olson

**Toledo**—We recently received trophies for winning the campus sports award, the all-campus community service award, and the community involvement award. At the Grand Chapter Convocation, we received the Benjamin Howell Frasier Outstanding Newsletter Award for the past two years, and our second Buchanan Cup Dry Community Service Calendar includes the role-play program, the Kinsman Pansie Sale, and the Toledolet, a city-wide celebration of the arts. Our 30-man pledge class takes total membership to 110.

—Mark Wils

**Wright State**—We are currently the largest fraternity on campus, and our rush program came in an Excellence Cup at Regionals and 10 pledges before the first day of fall quarter.

—Stephen M. Heyl

**Youngstown State**—We won the 1984-85 Fraternity of the Year Trophy. We have been making improvements to both of our houses. Summer rush produced 10 pledges giving us a head start on fall rush, which didn't start until late October.

—Frank Cherpack

## OKLAHOMA

**Oklahoma**—We won the IFC All-Sports Trophy. We took 45 pledges to make total membership 152. The Sig Epi Chapter Convocation was held in November 1984, 1985, and the Sig Epi Dance Marathon with Delta Delta Delta will be January 24-26. We celebrate our 40th anniversary in November, 1986.

—Eh Bright

**Oklahoma State**—House improvements include new carpet throughout and a new grand piano. We are participating in the variety review with the Tri-Delta and Sigma Phi Epsilon. We had our first summer rush and summer rush members who pledged 37 men and women with additional fall pledges, our total membership at 93.

—Jeff Britain

## OREGON

**Lewis & Clark**—Fall rush has been particularly brisk with the loss of 18 members to graduation. We are looking for a new chapter house this year as the current one is scheduled for demolition next summer.

—Matthew Baker

**Oregon**—Our chapter was fourth on campus in grades and placed second in Sig's Greek Week. The chapter will celebrate its 40th anniversary with a banquet for alumni and undergraduates in Eugene, scheduled for May 3, 1986.

—Scott Gunter

**Oregon State**—Our 27-man pledge class includes eight legions and boasts manpower to 105. Fall house improvements include renovation of the chapter room and new first campus in grade for the year. Our first year and received another Buchanan Cup at the Convocation. We have one for every year of our existence. We also received the Benjamin Howell Frasier Chapter Publications Award for the last year. We won the softball tournament receiving \$1,000 for the Kidney Association.

—Scott N. Wade

## PENNSYLVANIA

**Bucknell**—This year we will have our first experience with dry rush. We have been making improvements to the lawn and house exterior. We have the highest GPA on campus for the fourth consecutive semester, winning an award for the last decade in a row.

—Bob Reine

**Clarion**—Our new chapter counselor is Barry Morris. We took second place in Greek Week and we ranked second on campus in grades.

—Greg Ather

**Lehigh**—This summer we won a Buchanan Outstanding Chapter Award at the Convocation. This fall we are making major renovations to the chapter house.

—Mark A. Kavulich

**Mallakong**—We worked on renovating the city of Allentown to stop crimes of land in the park. Summer improvements to the house include a new ceiling, bathroom renovation and a new boiler.

—Paul Rosa

**Pennsylvania State**—We are making major improvements to the house that fall including painting, rebuilding the porch, installing several floors, and renovating the showers. Last year's GPA of 3.12 ranked us on campus.

—Michael Resnault

**Penn State**—We have completed the first phase of a three phase, \$250,000 renovation of the chapter house. The first phase included a new chapter library. We have moved up 20 places in intramurals sports for the fall.

—Anthony J. Slater

**Philadelphia Textiles**—We teamed up with Burger King to sponsor the chapter "Spong Week Festival." This fall we presented the school with a calendar titled "We are making plans for a fall-end-of-the-year retreat."

—Joseph DellaVila

**Susquehanna**—We held alumni events in conjunction with homecoming on September 14-15 and began our alumni newsletter program this year.

—Kirk Jones

**Trinity**—We were offering new awards this year. The Rev. John Johnson will recognize an alumna for distinguished achievement in his career or outstanding community service. The Stiller Award will be presented to a person who has given outstanding service to the chapter. Council the chapter for the year.

—John T. Carron

**Wheaton**—Our chapter ranked second on campus in grades. We have scheduled a large auction of the brother to raise money for United Way and our annual feed drive for Thanksgiving.

—Mark R. Antaki

**York**—Brother David Thorne was Sig Epi National Competition Scholarship. Community Service projects this semester include an orange sale, trips to local boys' home, and a school career day. Twelve fall pledges brought membership to 52.

—Joseph B. Salzman

## RHODE ISLAND

**Rhode Island**—Fall rush brought us 25 pledges for a membership of 72. We celebrated our 20th anniversary with a large homecoming event. All chapter debts have been paid and we are rebuilding our alumni corporation accounts.

—Rick Kuchan

## SOUTH CAROLINA

**Clemson**—Our fall in the "First Friday Parade" won first-place honors. The annual pump painting workout has been developed to aid in raising money. Sirens fall pledges put membership at 104.

—David Martin

**Coastal Carolina**—Chapter President Mike Monaghan received a Sig Epi National Competition Scholarship Award. We converted our rush program to a one-week program which netted 34 pledges this year.

—Harold Rucka

**South Carolina**—We had a dry rush this fall, the first on campus. With 38 pledges, total membership is 99. Our intramural football team is ranked No. 1.

—Frank Craft

**Winthrop**—We participated in the first dry meter on campus and have been involved in alcohol awareness week throughout the community. We won the Winthrop Greek Games. We have also spent \$2,000 on renovations to the fraternity lounge.

—P. Mark Billings

## TENNESSEE

**East Tennessee State**—Our fall pledge class of 55 is the largest on record. Having 90 makes us the largest on campus. The house has been repaired, the parking lot has been paved, and a new heating system is being installed. We have sent out three alumni letters and are making plans for Foundry's Day festivities, April 10-13.

—Keith Malcom and Andrew Mack

**Lambuth**—We produced the Student Activities Calendar for the entire campus this year, which included free advertising for the Heart Association. We held a raffle to raise money for a local child abuse center.

—Alfred Phillips

**Middle Tennessee**—This fall we are making renovations to the house. We are also teaming up with the Fraternal Order of Police for a Thanksgiving Food Drive.

—Tommy Bibb

**Tennessee Tech**—We are remodeling the private rooms at the house this fall. Our arms of concentration have been in academics, financial affairs, and dance appearance.

—Jeff Alexander

## TEXAS

**East Texas State**—Our summer and fall rush programs included in pledging 10 men for the largest on campus. We initiated 26 new members, making our 500th brother this fall. We are making plans for our 25th anniversary in Commerce, Texas, to be held on March 4.

—Greg Barnett

**San Houston State**—Our 19-man pledge class includes five legions. We have moved out of our rental house and are looking for a permanent home. About 100 alumni attended a Sig Epi reunion on August 30, held by George Krager.

—Jeff Cantrell

**Southern Methodist**—Our fall upperclass rush brought new pledges for the second largest chapter on campus. Our fall calendar includes a post-installation retreat, a trip to Louisiana Downs, and the Parent's Weekend show.

—Keith Todd

**Texas**—The Fourth Annual Greek Pizza Eat Fest Party raised more than \$700 for the American Heart Association. A new rush program featuring three rush nights brought in 84 pledges. Total membership is 149. We won attendance and manpower awards at the Convocation.

—Bradley Grivson

**Texas A&M**—A 28-man pledge class makes membership 117. We had an alumni barbecue at the chapter house on October 12 and the Rod Ranger formal was November 8.

—Brid West

**Texas-Arlington**—A 26-man pledge class makes manpower to 80. We built a homecoming float to participate in homecoming festivities on October 19. The undergraduate alumni cookout was held this fall at the house in early October.

—Jeffrey J. Sauten

**Texas Wesleyan**—We raised about \$700 for the Elvyn W. Cliney's Hospital in September by holding an alumni picnic. We received the highest GPA in the league. Excellence Award for highest GPA on campus for the second consecutive year with a 2.85 overall average.

—Marc Odum

**Tyler**—We have adopted four meals of highway for trash pickup on the Texas Highway Department Adopt-A-Highway Program. We took first place in the intramurals. We took 10 new members this year. We held a Trips, Texas, and Houston. We have one planned for Tyler with 150 tickets.

—Joy Mackey

## UTAH

**Utah State**—We will conduct a November 6th drive for the Cache Valley Food Bank. We have concentrated efforts on improving the appearance of the chapter house. We have made plans for our 50th anniversary banquet on March 21, 1986.

—Matt Shauran

## VIRGINIA

**James Madison**—We are making plans for a Foundry's Day celebration at the Crystal City Hotel for April 19, 1986. We returned this fall with 77 brothers, the second largest yet.

—Blair M. Livingston and Tommy Gattner (continued next page)

Michael P. Langella's, Connecticut Alpha '84, employment with E.F. Hutton in New York as a Financial Analyst, by Joe Langella Jr., Connecticut Alpha '83.

## CHAPTERS ON THE MOVE

(Continued from page 11)

Longview-Epsilon pledges boost manpower to 65. Six pledges to provide the leaders on campus—brothers Ed in the position of SGA president, SGA vice-president, SGA Treasurer, sophomore class president, sophomore class vice-president, and junior class president. The number of the week's membership is also a 26.

Ganh Wentzel

Old Dominion—Twelve fall pledges has brought membership up to 48. We received our charters at our midalliance in April.

Brian Wechtman

Radiant—Our intramural teams play the basketball and soccer championships and were runners up in football. We received a six state center in Charlottesville, Virginia and held a bake-a-thon for the American Cancer Society held in Radiant to Richmond.

Louise W. Howard Jr.

Randolph-Macon—This year we celebrate our 20th year on campus. Spring rush doubled our membership. We have secured money from the Housing Loan Fund to launch a major rebuilding campaign. Renovations should

be complete in November.

Seid D. Friedman

Richmond—We returned this fall with 77 brothers, which makes the largest on campus. Fall rush has been successful in our efforts to increase our membership. We participated in basketball tournaments for leukemia and have sponsored a campus-wide concert for needy children.

Virginia Tech—The Christmas Party is scheduled at the chapter house at 8:00 p.m. December 7. Valentine's Dances will be at the house at 7:00 p.m. February 16.

Shelton State-Four of our brothers will be attending the Fall Football Festival in the College Excelsior Service. Several brothers are starters on the W. M. Football Squad.

William & Mary—We are helping coordinate and provide volunteers for the College Excelsior Service. Several brothers are starters on the W. M. Football Squad.

Thomas Jenkins

Washington—Summer rush brought us 38 pledges for the membership of 103. We received our second Buchanan Outstanding Chapter Award at the San Antonio Conclave. We have installed an extensive computer system and have made several improvements to the house.

West Virginia—Ray A. Miskela

David & Elkins—Summer rush went well this year, with our rush chairman selling out introductory letters to all sections in front row. Rush is a primary focus in building manpower from the 27 we returned with this fall.

William E. Monteth III

Marshall—Brothers will be making a 146-mile football run on November 21 for the game against East Tennessee State. Last year, we raised more than \$1,000 for the Ronald McDonald House. Students from the Soviet Union will be the guests of honor at Marshall. During Marshall's final dry run, we took the largest pledge class with 28.

Michael S. Baker

West Virginia Tech—Summer house renovations included ridding the dance floor, the game room and the main hallways, in addition to fabricating work in the gymnasium and barroom. This year we dedicated our trophy room to our father Thomas "Old" Lee with a memorial plaque.

West Virginia—We received the Buchanan Outstanding Chapter Award at the Conclave, where Avery Gay Arns received the Fraternal's highest honor, the Dike of the Golden Hour. The year was outstanding. Kudos, Fred, and homecoming. We are planning a primary focus house currently undergoing a major, \$250,000 renovation. We held a Head Start picnic for underprivileged children's Marjandunham. A pledge class of 35 makes manpower 125.

Ed. D. Pugh

Wisconsin

Wisconsin-Madison—We are making plans for our 65th anniversary in May. We have been busy with plans for homecoming and kicking off spring term with our winter carnival philanthropy.

Wisconsin-Madison—We are making plans for our 65th anniversary in May. We have been busy with plans for homecoming and kicking off spring term with our winter carnival philanthropy.

Phillip Jacobson  
Washington State '51

## Hasenkamp takes new position

SAN FRANCISCO—Sigma Phi Epsilon National Director

**Bruce H. Hasenkamp, Dartmouth '60**, has been elected Vice President of The Asia Foundation. The Asia Foundation, headquartered in San Francisco, has offices in 10 Asian Nations and Washington, D.C. The Asia Foundation has been active throughout Asia for 34 years, providing grants to assist in development of Asian institutions in a wide range of fields, including education, law, judicial and public administration, government, economic development, private enterprise, journalism, diplomacy and library development.

Brother Hasenkamp has been executive vice president of the Hannaford Company/West, a worldwide public relations and public affairs consulting firm, since 1983. Prior to that he was Director of Public Affairs for the Shalade Corporation for nearly five years and Director of the White House Fellowship program during the Ford administration. Brother Hasenkamp has served on Sigma Phi Epsilon National Board of Directors since 1973.
